

Application No.: 09/647748Case No.: 54030US008**Amendments to the Specification:**

Please replace Table 3 on page 20 with the following amended table. A typographical error was made in the Vinyロン blending ratio of paper backing (%) for second paper layer in Examples 6 and 1. Support for the amendment to Example 1 in Table 3 can be found at, e.g., the description of Example 1 at page 8, specifically lines 25-27; and Table 1, page 16. Support for the amendment to Example 6 in Table 3 can be found at, e.g., the description of Example 6 on page 18, lines 8-13. Also, the "Mean blending ratio (%)" in Table 3 corresponds to the amended values for the blending ratio in the second paper layer, but would be incorrect if the non-amended values were used.
